The Quest (Opening Song)

Words and Music Paul J Burrell 2018

(All)

Keep me going till my journey's end
Bring me safely home again.
Keep me going till my journey's end
Bring me safely home again.

This journey I tread is one full of fear,
Of danger, of hope and of life
I cannot escape the worries I have
But I'll travel with faith on my side.

As I search for that drop, that one special drop
Which fell on the very first day,
I leave all my world and people behind
And follow the perfect way. ***(Choir divides for one bar)***

Keep me going till my journey's end
Bring me safely home again.
Keep me going till my journey's end
Bring me safely home again.

Whatever the dangers I may yet face,
My goal keeps me travelling on
I look to the light and gather my strength
And I'll fight till the battle is won.

As I search for that drop, that one special drop
Which fell on the very first day,
I leave all my world and people behind
And follow the perfect way. ***(Choir divides as before)***

Keep me going till my journey's end
Bring me safely home again.
Keep me going till my journey's end
Bring me safely home again.
