

It'll be Alright

Words and Music P J Burrell 2025

Solo

When the days seem long and you feel you're chasing shadows
And you think you have to hide to be OK
You should never forget that your life is something special
And the truth will chase your deepest fears away

When you struggle just a little in your heart to keep believing
And you feel you've lost the fight too many times
I am always there to battle through the darkness with you
Till we come right through all the hurt to the morning light

Chorus (All)

**When you feel a little lost
You can call me, I will answer
Never worry if you need me, night or day
When your heart is filled with fear
You can lean upon my shoulder
We can smooth away your tears, it'll be alright**

Solo

Take courage in your hands and don't be frightened
You can trust I won't betray you to your fears
If we can't yet see your final destination
We can keep our faith till the road up ahead is clear

Chorus (All)

Middle 8 (Solo)

Don't fear, don't fear what will happen to you
Believe, believe it'll be alright

Chorus (All)

Last line x3

(We can smooth away your tears, it'll be alright)

Solo (to end)

It'll be alright
