**Ah - Ah – Ah –
Flying so high! Flying so high!**

**Flying high, but I don't know where I'm goin'
Keeping low 'cos I don't want people knowin'
Where I'm at, or where I will be goin'
I gotta keep myself all together right now**

SOLO

One night I was down on the ground
Lots of people shouting around
I got bundled onto this plane
And now they've whisked me away
And my body goes ...

**Ah - Ah – Ah –
Flying so high! Flying so high!**

**Flying high, but I don't know where I'm goin'
Keeping low 'cos I don't want people knowin'
Where I'm at, or where I will be goin'
I gotta keep myself all together right now**

SOLO

Oh man, what a terrible day
When those engines rumbled away!
I was shaking like a rattlesnake
Because they whisked me away

Keep a grip baby, gotta hold on tight!**
